BUILT-IN DISHWASHER

Upgrade your kitchen with seamless elegance and unmatched convenience! Introducing our state-of-the-art Built-in Dishwasher, meticulously crafted to perfectly match the size and style of your built-in oven. Embrace the harmony of a cohesive kitchen design while enjoying the ease of a modern, high-performance dishwasher.

Generous 8 Place Settings

With the capacity to accommodate up to 8 place settings, this dishwasher is perfect for both small family dinners and large gatherings. No more worries about piled-up dishes!

6 Versatile Programs

The dishwasher boasts 6 convenient programs to suit your specific needs: Auto, Intensive, ECO, Glass, Rapid, and Self-cleaning. Whether it's heavily soiled pots and pans or delicate glassware, there's a program for every situation.

Heated Drying

Say goodbye to the hassle of drying your dishes by hand. Our heated drying feature ensures your dishes come out sparkling clean and dry, ready to be put away in no time.

Fresh Function

Keep your dishes smelling fresh and free from odors with the innovative Fresh Function. Say farewell to lingering food smells inside your dishwasher.

Half Load Function

Don't wait for a full load ñ the Half Load function allows you to efficiently wash smaller loads, saving both time and energy.

Intuitive LED Touch Control

Control every aspect of your dishwashing cycle with ease using the LED touch control panel. The bright display screen provides real-time information, making it simple to monitor the progress of your wash.

Warning Indicators

Stay informed about your dishwasher's status with handy warning indicators for Rinse Aid, Salt, and Water Faucet levels. Never run out of essential supplies again.

Flexible Basket Configuration

The upper and lower baskets, along with a dedicated cutlery rack, offer flexible loading options for dishes of all shapes and sizes. You'll find a perfect spot for every item.

Efficient Spray Arms

The dishwasher is equipped with both upper and lower spray arms to ensure thorough and consistent cleaning, leaving no corner untouched.

Delay Start

Plan your dishwashing cycle to fit your schedule with the Delay Start feature, allowing you to set the dishwasher to start anywhere from 1 to 24 hours later.

Child Lock

Keep curious little hands at bay with the Child Lock function, providing peace of mind for households with children.

FREE STANDING DISHWASHER

EMBRACE THE FUTURE OF DISHWASHING EXCELLENCE

Silent as a Whisper

With an exceptionally low sound level of 44dB(A), it's so quiet that even delicate sleepers won't stir.

Perfect size to install undercounter

The dishwasher's compact body stands tall at H805mm only, fits under most countertops while blending in seamlessly.

Effortless Capacity

With an expansive 15 place settings capacity, this dishwasher can handle even the largest of dinner parties and family gatherings. Say goodbye to the hassle of handwashing and embrace the freedom of fitting more dishes in a single load.

Versatile Programs for Every Occasion

9 specialized programs await at your fingertips, each meticulously tailored to suit your various dishwashing requirements, our dishwasher provides an optimal solution for every type of load.

Heated Drying at Its Best

Bid farewell to water spots and towel-drying chores. Our dishwasher utilizes heated drying technology to leave your dishes flawlessly dry, spotless, and ready to use or put away immediately after each cycle.

Fresh & Drying Function

Experience the ultimate freshness with our exclusive Fresh & Drying function. This innovative feature ensures that even after extended periods inside the dishwasher, your dishes come out smelling clean and looking immaculate.

Extra Drying for Perfect Results

When you need your dishes to be extra dry, our Extra Drying feature comes to the rescue. Say goodbye to moisture and hello to pristine, moisture-free dishes every time.

Turbo Speed+ for On-Demand Cleanliness

Life moves fast, and so should your dishwasher. Activate the Turbo Speed+ mode for lightning-fast wash cycles without compromising on cleaning performance. Get sparkling clean dishes in record time, perfect for those hectic days.

Intuitive LED Touch Control

Taking control has never been more straightforward. Our dishwasher features an intuitive LED touch control panel with a display screen, offering effortless navigation through programs and settings.

Smart Indicators for Hassle-Free Maintenance

Stay on top of your dishwasher's performance with our convenient warning indicators for Rinse Aid and Salt. No more guesswork, simply refill when needed, ensuring optimal results with every wash.

Ergonomic Design, Intelligent Organization

The upper basket, lower basket, and dedicated cutlery basket offer a flexible layout that accommodates dishes of all shapes and sizes. The thoughtfully designed spray arms in both the upper and lower sections ensure complete coverage for a thorough clean.

Delay Start and Child Lock

Tailor your dishwasher's schedule to fit yours with the Delay Start feature, allowing you to set wash cycles to start anywhere from 1 to 24 hours in advance. Plus, with the Child Lock function, rest easy knowing that your little ones won't accidentally interrupt the dishwasher's operation.

EMBRACE THE POWER OF EFFICIENCY & INNOVATION

Discover the ultimate laundry experience with our feature-packed Top Load Washing Machines, designed to handle even the bulkiest loads while delivering immaculate results every time. With cutting-edge technology and an array of customizable options, laundry day is effortless and enjoyable.

Generous Loading Capacity

Say goodbye to multiple loads and hello to efficiency! Our Top Load Washing Machines boast impressive 10kg / 12kg loading capacity, making it a breeze to tackle large bedding sets, heavy-duty fabrics, and the entire family's laundry in a single go.

Versatile Washing Programmes

With 9 carefully curated washing programmes, you have the power to conquer any laundry challenge, you'll find the perfect setting for every garment type.

Advanced GFlex Technology

Experience the future of intelligent washing with our exclusive GFlex Technology. Streamlined machine design for larger tub capacity in a compact cabinet.

Innovative 3D Waterfall + Magic Filter

Thorough and consistent distribution of water throughout the drum, leaving no spot untouched. The Magic Filter traps lint and debris, keeping your garments and the machine in pristine condition.

Neuro & Fuzzy Control

Take the guesswork out of laundry. Automatically detect the load size and fabric type, optimizing water usage and wash time to deliver exceptional results with minimal energy consumption.

Stainless Steel Drum for Superior Performance

Built to last and engineered for excellence, the stainless steel drum guarantees a gentle yet powerful wash that will leave your clothes looking as good as new, load after load.

Anti-Bacterial Pulsator for a Hygienic Clean

Experience a deeper level of cleanliness with the Anti-Bacterial Pulsator, designed to eliminate harmful bacteria and allergens, ensuring that your clothes are not only fresh but also hygienically clean.

Custom Program for Tailored Washing

Create your own soak, wash, rinse, and spin cycles, offering complete control and flexibility to cater to your specific laundry needs.

Convenient LED Display

Monitor and control your wash effortlessly with the LED display, offering clear and concise information about the selected programme and remaining time. No more guessing, just absolute control at your fingertips.

Delay Start and Buzzer Mute

Enjoy the freedom to set your laundry cycles on your terms; schedule wash times from 1 to 24 hours in advance. Buzzer Mute option ensures a peaceful laundry environment at any time.

Automatic Water Adjustment and Power Off

Optimize water levels for each load, saving water without compromising performance. Automatic Power Off feature enhances safety and energy efficiency by turning off the machine after each wash cycle.

Soft Closing Glass Lid for Graceful Operation

Add a touch of elegance and convenience, providing a smooth and silent closing action that complements the modern design of our washing machine.

Child Lock for Peace of Mind

Keep curious little hands at bay with the Child Lock function, ensuring that your settings remain undisturbed throughout the entire wash process.
